

Snapframes (overview)

Anti-glare cover sheet included.

All our Snapframes feature:

- Easy snap-open/snap-shut poster change.
- Built-in security – when closed all fixings and opening method are hidden from view.
- UV stable poster cover sheet – will not turn brown and protects poster from fade in sunlight.
- Anti-glare poster cover sheet – maintains message visibility under bright lighting.
- Pre-drilled and individually boxed with screws and wall plugs.
- We recommend the use of moisture resistant posters when used outdoors.

Note: wider frame profiles do a better job of keeping the poster cover and poster secure in windy weather than smaller frame profiles.
