## FEATURES

### Prescription RX Insert Lenses

The RX Modular Prescription Kit enables the use of corrective lenses with the Force™10 Typhoon™ respirator, preventing traditional prescription spectacles interrupting the face seal and compromising protection.

### Effortless Maintenance

The Force™10 Typhoon™ has been meticulously engineered to incorporate a small number of key components. Disassembly, cleaning and maintenance are effortless with replacement parts available.

### Typhoon™ Valve

Low resistance exhalation valve for easy breathing, with stable mask configuration. Made from silicone it performs well at very low temperatures.

### Excellent Face Seal

Extensive research has been carried out by NIOSH (ISO16976-2) to distinguish the worlds 5 most common facial shapes. Using this research JSP have digitally optimised the ergonomics of the Force™10 Typhoon™ face seal to maximise wearer compatibility.

### Available in 3 Sizes

Available in Small, Medium and Large to provide an even better fit to a wider range of face sizes and shapes improving the seal and level of protection. A size guide is available for use with Force™8 & Force™10 Typhoon™ masks.

### Peel-off Visor

Replaceable peel-off visor protectors are available to prolong the life of the Force™10 Typhoon™.

### PressToCheck™ Compatible

The Force™10 Typhoon™ is compatible with both JSP Classic filters and our PressToCheck™ filters, which allow for Daily Face Fit Reassurance™.
